Sunday.

The morning same, starting at 18:30 oclock, will find the Walz team facing the Feldmans. Manager Howard Rix, of the Feldmans, amounced that he had signed Jim Wilson, a star in the Army league last year, when he ptiched for the 16th infantry. This means that the photographers are not going to let the Walz team have things all their own way. With Wilson and Villareal as the opposing pitchers, the fans can look for some real excitement in Sunday morning's contest.

Then came the draw for the afternoon games. The Krackajacks and Puritys will furnish the first part of the double bill. Lucas is again to pitch for the hardware men and the fans who saw the first exhibition games of the season will not forget the good work of this pitcher. Either Weiss or Brennan will work for the bakers and this, too, should be a real hundinger of a game.

Little is known about the strength of the Seventh infantry team, but its abowing at Texas City and Galveston makes it evident that the soldiers will have to be considered in the pennant.

The umpire question came up for consideration but was tabled for the present. The manager decided to try Script Loriz, who used to umpire in the City league of a couple of years ago and who did good work in one of the games three weeks ago, as the indicator man for Sunday, but no permanent.

"When a man finds the right tobacco, a pipe becomes his trusted counselor and friend. I have found the right tobacco in Tuxedo. mellowness, fragrance and mildness afford perfect enjoyment."

Robert 7 Kough

A whole lot of men at one time or another have tried to smoke a pipe-and used the wrong tobacco. Result-a hot tongue and "cold feet." Try again with the right tobacco-Tuxedol

Tuxedo has made thousands of happy, contented pipe-smokers because it's so wonderfully mild and cannot burn, bite or blister the tongue or irritate the throat.

The rich, sun-ripened leaf for Tuxedo is aged 3 to 5 years. Then it's treated by the original "Tuxedo Process"—a doctor's discovery—which removes every particle of bite. There are many so-called processes-all are imitations of the "Tuxedo Process"-none has ever even approached the "Tuxedo Process" in making tobacco leaf mild and wholesome.

Try Tuxedo for a week and learn what it means to love your pipe.
